Hey Will,

I have WSP working on a response to the attach letter from PPG regarding the FS. The letter is more on the technical side but I wanted to touch base with you to see if you had anything specific you wanted to add to our response. Also, did you want to review this response when it is completed?

The draft response might be ready tomorrow, if not then Monday. I am hoping to send everything back to PPG on Monday so they can review the final version of the FS. So it's a tight turn around.

Let me know. Thanks

Josh
